

Aarav Sharma

Lead Cloud Architect

+91 9988776655 | aarav.sharma.cloud@gmail.com | Pune, Maharashtra, India | linkedin.com/in/aaravsharmacloud | github.com/aaravsharmacloud

PROFESSIONAL SUMMARY

High-performing Lead Cloud Architect with 8+ years of experience designing multi-cloud enterprise architectures, automating AWS infrastructure using Terraform, and orchestrating containerized microservices.

WORK EXPERIENCE

Independent Consultant

Independent Advisory & Consulting | Remote | April 2025 – Present

- Managed client requirements and led recruitment operations for tech engineering projects.
- Architected and deployed multiple live AI projects using AI developer platforms (Antigravity, Claude, ChatGPT, Z.ai) over 1.5+ years.

Lead Cloud Architect

Infosys Technologies | Pune, India | Jan 2021 – March 2025

- Spearheaded enterprise cloud migration for Fortune 500 financial clients onto AWS and Azure.
- Reduced infrastructure operational costs by 35% through automated serverless architecture.

Senior Cloud Engineer

Wipro Digital | Bengaluru, India | Jul 2017 – Dec 2020

- Implemented Kubernetes cluster automation and Terraform infrastructure-as-code modules.
- Managed 24/7 high-availability deployment pipelines with 99.99% uptime SLA.
